Financial Guidelines on Management of Nutritional Rehabilitation Centres

Background:

A Nutrition Rehabilitation Centre (NRC) is a unit for the management of severely acute malnourished children, who are referred from VHSND/IPD/OPD and/or by RBSK teams & NGOs. In these facilities, the SAM children are kept under observation and are provided with medical and therapeutic care for rehabilitation of their nutritional status with focus on improving the skills of mothers/ caregivers on complete care and feeding of their children at home.
