Action Points

- Samples at DHHs, SDHs , CHCs & UCHCs sample are collected by the Phlebotomist of Krasnaa Diagnostic.
- In case of PHCs the samples are to be collected by the LTs (Regular / Contractual/ Our Sourced) engaged by the institution and samples for test need to send to the CHC Drop-in- Centre as per the mapping. The samples must be supported by the Test Requisition Form (TRF)
